- **Announcement and Presentation of Awards**
- **Valedictory Speech by a Representative of the Graduates**
- **Announcement and Presentation of Honorary Doctorate**
- **Address by the Chief Guest**
- **Closing Ceremony with the National Anthem**
- **Photo Session**

Praise be to Allah, who has given us the guiding light of Islam. Peace and blessings be upon the Holy Prophet Muhammad ibn Abdullah (peace and blessings of Allah be upon him). May peace and blessings also be upon the companions of the Prophet Muhammad ibn Abdullah (peace and blessings of Allah be upon him). Aameen.

Higher education must be evaluated in many ways. Just as we measure the value of gold and silver, we should measure the value of education. Education is as important as these precious metals, serving as the foundation of our society. If we measured our nation's progress by these standards, we would have a perfect measure for thorough analysis.

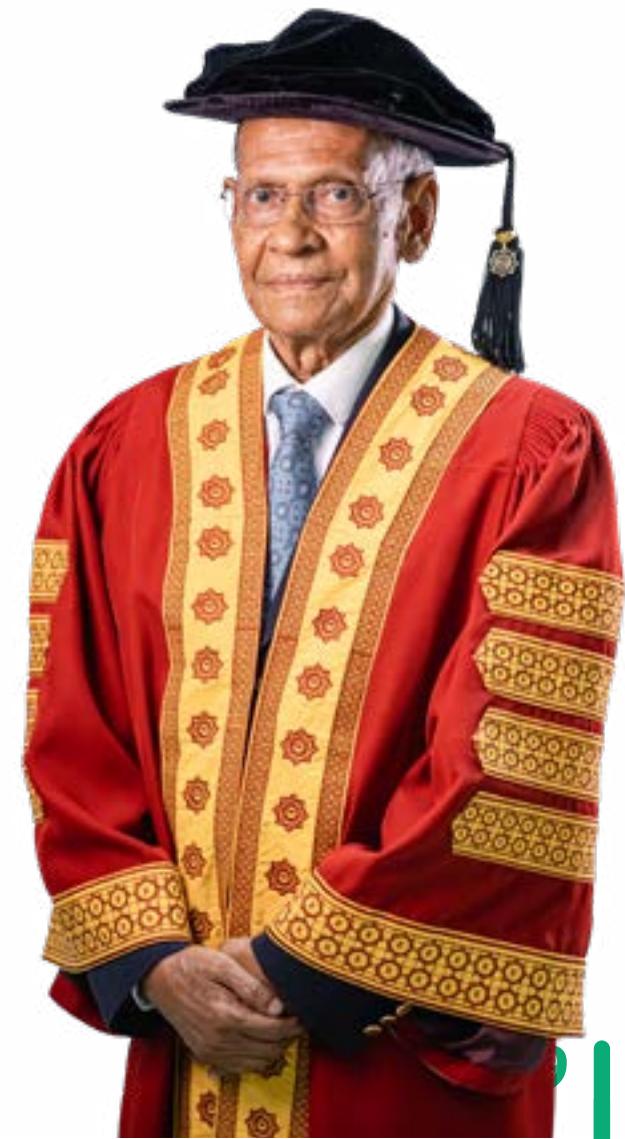

The quality and quantity of education are crucial for a prosperous future. Education must adapt to the changing world, and its standards need careful planning and monitoring. Without this balance, education cannot fully benefit society.

A very warm congratulations to this year's graduates. Your hard work and dedication will shine in society through your wisdom and grace. May Allah bless you with a bright future! Aameen. May Allah make our university a proud Islamic fortress for our country! Aameen.

Remember that the pursuit of knowledge is a lifelong journey, and I encourage you to continue to learn, grow, and challenge yourselves. Be curious, be bold, and be courageous in your pursuits. I am confident that you will go on to achieve great things, and I look

forward to seeing the many ways in which you will contribute to your communities and the world. Congratulations again on this incredible achievement and best wishes for a bright and fulfilling future.

Sincerely,
Chancellor
Dr. Mohamed Zahir Hussain

MESSAGE FROM THE VICE CHANCELLOR

Praise be to Allah, Lord of the worlds, and may blessings and peace be upon the Seal of the Prophets and Messengers, our Prophet Muhammad, and upon all his family and companions.

Yahya bin Abi Kathir - may Allah have mercy on him - said: <Knowledge cannot be acquired with bodily comfort.> This is a great truth. Acquiring knowledge is laborious. It is difficult. It is something that requires a lot of time and money. It consumes a great deal of energy. In the journey of knowledge, one must cross vast oceans. One must navigate through waves. One must overcome mountains. One must endure hardship. One must face many undesirable situations. However, if the goal is reached, there is no end to happiness. The difficult days become sweet memories. Fatigue and exhaustion turn into satisfaction. The challenges faced become beneficial experiences. This is why countless individuals willingly sacrifice their time, resources, and even their comfort in the noble pursuit of knowledge. Their dedication mirrors that of a farmer who, after toiling diligently in the field, finds immense joy when the crops he nurtured bloom and bear fruit. The sweetness of the outcome makes every hardship worthwhile.

Congratulations and best wishes to all the students graduating from this institution in 2024. You graduates are the children that this nation will be proud of. University has high hopes for every student who crosses the threshold of the university and enters society. That is to see the positive impact of the knowledge and education acquired from this institution reflected in society. I have no doubt about your knowledge, skills, and capabilities. We are happy to have had the opportunity to serve you. IUM is your place.

Its doors will always be open for you. There are opportunities for students who wish to pursue further studies. The university has established various ways to participate in the sincere efforts of the university to create and disseminate knowledge.

Once again, congratulations to all the graduates. The graduates of this university are proud of this prestigious institution. The good name of the university is associated with the beautiful morals that the graduates have maintained so far, the valuable services rendered to society, and the responsible positions they have held. The momentum of the Islamic University of Maldives is increasing day by day. The trust of government institutions and the public has begun to multiply. Relations with the outside world are strengthening. The fact that the student enrollment rate increased by more than 80 percent last year is evidence of this. Leading many national research projects and international research projects from the university is a great achievement. It is the duty of you graduates to maintain the good name of this university.

Alhamdulillah, with the help of Almighty Allah, we have reached this day. He has blessed us with strength and guidance throughout this journey. And today, we witness the fruits of that effort. A total of 980 students are graduating this year. 715 female graduates and 265 male graduates, this diversity across kulliyahs, qualifications, and gender, is a testimony to the inclusive and far-reaching impact of the Islamic University of Maldives.

Dear graduates! Gratitude is a means of increasing blessings. Remember all those who have extended a helping hand to you graduates. Parents and relatives. Husbands, wives, and children. Friends and loved ones. Teachers who taught you. The assistance from the Maldivian state and government officials to you students is immense. The

Islamic University of Maldives is a place that the current government gives great importance to. This year's graduation is very special for two reasons. One is the participation of His Excellency the President of the Maldives, Dr. Mohamed Muizzu, in this graduation ceremony. Despite his numerous engagements, his acceptance of our invitation and his presence to honor this ceremony demonstrates the love and respect he has in his heart for this institution. Therefore, we express our gratitude to him and the Maldivian government. The second reason is the conferring of an Honorary Doctorate to an individual on behalf of the university at this ceremony. This is a historically significant event, happening for the first time in both IUM's lifetime and Maldivian history.

I conclude my speech by wishing you students a bright future. May Allah grant happiness and prosperity to you graduates! May He grant you the blessed ability to act in accordance with knowledge! Ameen

Ameen.

Vice Chancellor

Dr. Ali Zahir

IUM

ISLAMIC UNIVERSITY OF MALDIVES

Islamic University of Maldives, formerly known as the College of Islamic Studies (Kulliyah Al- Dhirasaathil Islamiyah) became a full-fledged higher education institution on 21st February 1) 2004st Muharram 1425). This change in status was initiated with the intention to widen the scope of Islamic education provided to Maldivian students who were desperately seeking Islamic education within the country without having to travel abroad.

With the change in status, College of Islamic Studies adopted an approach to teaching which focused mainly on integration of research and innovation. The purpose was to promote higher level of thinking informed by research to ensure provision of holistic understanding of Islam considered from varying perspectives and contexts.

With the new developments, College of Islamic Studies continued to offer a number of academic programs with special focus on diploma and degrees in areas such as Qur'anic Studies, Arabic language, Islamic Studies and Shari'ah and Law until it was upgraded to the first ever Islamic University of Maldives (IUM) by an act of parliament in 2015 to realize one of the highest priorities of the government; to promote and to protect the Islamic faith in the Maldives.

IUM is grounded on a dynamic and a prospective vision and a willful and determined mission to fulfill academic training and research along with dissemination of Islamic knowledge with its applicability in the context of the modern and fast changing world.

IUM LOGO

The logo of Islamic University of Maldives (IUM) includes several key symbols representative of and drawing inspiration from the Maldivian history, traditions and our religion; Islam.

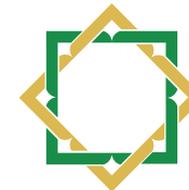

The central element of the logo is an open book symbolizing the Qur'an. It is indicative of the fact that the basis of all knowledge and true enlightenment comes from the Qur'an. The Qur'an also encourages the pursuit of knowledge.

The symbol of Qur'an is encompassed in a circle representing the Minaret, a key Islamic landmark in Maldives and an important symbol of Maldivian Islamic national identity. The circle representing the Minaret is indicative of continuity of human civilization and Islamic Ummah.

The intertwined rope represents Maldivian workmanship and is symbolic of national unity, strength and confluence.

Finally, the Islamic star is symbolic of Islamic faith, identity and enlightenment.

The logo of IUM embodies both national and Islamic identities. Therefore, the coloring in the logo represents green color; one of the three colors in the Maldivian flag and gold symbolizing the importance of knowledge, quality and excellence.

The four key elements; the Qur'an, circle, rope and the Islamic star form the core element representing the most visual identity of the Islamic University of Maldives. It is an embodiment of the University's mission to nurture Islamic values, disseminate knowledge in all areas, sustain commitment to national service and aim for excellence.

Philosophy of IUM

The University takes the first five verses from Surath Al'Alaq as its guiding philosophy:

اقْرَأْ بِاسْمِ رَبِّكَ الَّذِي خَلَقَ ﴿١﴾ خَلَقَ الْإِنْسَانَ مِنْ عَلَقٍ ﴿٢﴾ اقْرَأْ وَرَبُّكَ الْأَكْرَمُ ﴿٣﴾ الَّذِي عَلَّمَ بِالْقَلَمِ ﴿٤﴾ عَلَّمَ
الْإِنْسَانَ مَا لَمْ يَعْلَمْ ﴿٥﴾

Recite in the name of your Lord who created . Created man from a clinging substance. Recite, and your Lord is the most Generous. Who taught by the pen. Taught man that which he knew not. No! [But] indeed, man transgresses.

Mission

To produce outstanding students with balanced personality to attain success in this life and in the eternal life hereafter, in alignment with the national, regional as well as needs of the Ummah through excellence in teaching, learning, faculty research and scholarship and engagement in community service.

Vision

Becoming the premier university advancing beneficial knowledge to the nation and Ummah.
